

DECIDE ON THE PLAN FOR ARMY NOW IN FRANCE

American Units to Be Placed at Disposal of the Allies

DETAILS TO BE ARRANGED AT ONCE BY GEN. PERSHING

Early Delivery of Man Power and Material is Promised

(Associated Press Telegram)
Washington, April 2.—The announcement from London that the American army units are to be placed with the British and French organizations was interpreted by army officers here today as indicating that the United States government is ready to thrust aside all question of national pride in placing American man power at the immediate disposal of the allies.

The plan was decided on at conferences between Secretary Baker and Generals Bliss and Pershing and British and French officials. So far as known the war department had not been officially informed of it today.

Details of the method to be followed are not available and presumably will be arranged by General Pershing. There was every indication however that American troops now in training are to be rushed across.

The British statement carefully notes that the national aspect of General Pershing's plan is not to be impaired. The building up of that purely American war machine will proceed as rapidly as possible.

To supplement that effort, however, other American units will be sent to the front through the French and British lines to meet the present emergency.

Arrangements for the transportation of these additional forces the British statement said, are now being completed.

This was regarded here as an indication that the full extent of British ships' capacity is to be devoted to taking forward American units and it is said the early delivery in Europe of at least double the American material and man power that have been forwarded in the same time otherwise.

It was noted that the statement pointed out that the American forces merged with the British and French are to be withdrawn when their training is completed and General Pershing wishes to withdraw them to build up the American army.

To many officers here however, (Continued on Page 2, Col. 3.)

FIVE KILLED IN AN EXPLOSION AT A BOLT FACTORY

(Associated Press Telegram)
Pittsburgh, April 2.—Five men were killed and 14 others seriously injured by an explosion at the plant of the Flannery Bolt Company at Bridgeville near here today. Eleven of the injured, all Hungarians, were brought to hospitals here on a special train soon after noon. Officers of the company said the cause of the explosion had not been determined.

DRASTIC PENALTIES FOR DISLOYAL ACTS

(Associated Press Telegram)
Washington, April 2.—In favorably reporting a bill to impose drastic penalties on disloyal acts the senate judicial committee today adopted an amendment by Senator Poinsett of Washington prescribing imprisonment for two years and \$1,000 fine for "who ever shall by word or act support or favor the cause of the German empire or its allies in the present war, or by word or act oppose the cause of the United States there."

STEAMER CARRYING WAR SUPPLIES SUNK

(Associated Press Telegram)
Boston, April 2.—Sinking of the British steamer, Carleisle Castle, presumably by a German submarine while on a voyage from this country for a foreign port, was reported in shipping circles here today.

Boston exporters notified marine underwriters that they had been advised of the loss of the vessel but had no information regarding the fate of the crew. The ship was under charter to the Cunard line and carried war supplies.

PREPARE FOR NEXT MOVE IN BIG CONFLICT

Germans Checked In All Their Attempts to Advance On Amiens

ALLIES GET READY FOR RENEWAL OF HOSTILITIES

American Troops Will Undoubtedly Participate In Next Battle

(Compiled from A. P. Dispatches)
Infantry operations on a large scale on the Picardy battlefield have died down while both sides prepare for the next move in the great conflict. Violent local fighting has occurred between Albert and Montdidier, but the Germans have been checked in all attempts to advance toward Amiens; while the French and British troops have made small gains between the Somme and Demuin.

In the days of desperate and sanguinary fighting since they launched their attacks on the line before Cambrai, St. Quentin and LaFere, the German command apparently has learned that the massed infantry attacks without great artillery preparation are fruitless and most costly. The German artillery fire is reported to be weak, indicating that the enemy has not yet begun to move his big guns across the river between St. Quentin and Albert.

Seventy-seven German divisions are on the battle line waiting for the guns before attempting another gigantic effort to reach Amiens. North of the Somme there are five divisions while thirty-seven are on the line between the Somme and Chauny, and it is known that the German guns have not all been moved forward.

Meanwhile the allied armies under General Foch are making ready not only to counter attack another German blow which the enemy must make or concede defeat, but probably also for a counter offensive.

American troops undoubtedly will participate in the approaching renewal. (Continued on Page 2, Col. 1.)

PARIS WARNED OF AN AIR RAID EARLY TODAY

(Associated Press Telegram)
Paris, April 2.—An air raid warning was sounded at 3:15 o'clock this morning. Anti-aircraft guns began to fire immediately and a curtain of fire was placed around the capital. At 4:25 it was announced that all danger was over.

The night was calm and the moon fitful to light fleecy clouds amidst which glided the twinkling lights of the French air planes defending Paris.

CLEMENCEAU HAS CONFIDENCE IN PRESENT BATTLE

(Associated Press Telegram)
Paris, April 2.—Premier Clemenceau, while making his daily visit to the front yesterday ventured so near the first line that his automobile was shelled vigorously by the German artillery. All the windows were broken but M. Clemenceau was not hurt.

The Premier returned to Paris enthusiastic and full of confidence in the favorable issue of the present great battle.

TO ABOLISH TEACHING GERMAN

(Associated Press Telegram)
Spokane, Wash., April 2.—Within the next 24 hours three cities in the Pacific northwest through their boards of education have voted to abolish the teaching of the German language in the public schools. The cities are Walla Walla, Wash., Great Falls and Helena, Mont.

BULGARIANS NOT IN FIGHTING

(Associated Press Telegram)
Washington, April 2.—A report to the state department today from American Consul General Murphy at Sofia declared that no Bulgarian troops were moved to the western front for the big German offensive. It had been stated that Bulgarians were fighting in the west along side of Germans and Austrians.

HUGE GUNS HELP GERMANS IN THEIR INITIAL SMASH; BRINGING THEM ACROSS NO MAN'S LAND ANOTHER MATTER

The type of large gun that has enabled the enemy to advance on the western front. Guns of the type shown above have been the most successful instrument in the hands of the enemy in their recent assaults upon the French and British trenches. The difficulty encountered in bringing the guns forward rapidly over the Picardy battlefields, where roads of any sort are few, discounts their value.

FORCE PRO-GERMANS TO SALUTE FLAG IN NUMBER OF CITIES

(Associated Press Telegram)
Columbus, O., April 2.—Growing activity against alleged pro-Germans has been marked in Ohio in the last week. No less than half a dozen cities were centers of "vigilance committees" work last night. In most instances persons known or suspected of lacking in patriotism were forced to make public demonstrations of their fealty.

At Fremont Fred Kolbe, a tailor, was rescued from a mob by police. A flag had been forced into his mouth and the crowd threatened to burn him for refusing to salute and kiss the colors. Frederick Bollman, editor of the German paper was made to publicly show evidence of his patriotism.

Nearly a thousand steel workers at Canton escorted Wm. Zerber one of their number to the public square where he saluted and kissed the flag after alleged unpatriotic remarks.

Three hundred persons in six autos visited no less than thirty homes in and near Coshocton last night requiring the heads of so-called pro-German families to kiss and salute the American standard and to denounce the Kaiser. Doors were broken in to get occupants in several instances, and a fire company was called to rescue one family. A patrol car of police officers tried to break up the mob. There were activities in other parts of the state of the same nature.

DUCKED IN CANAL

(Associated Press Telegram)
LaSalle, Ill., April 2.—Pro-Germanism was silenced last night when a crowd of 400 citizens ducked Dr. J. C. Bienneman, a physician, in a canal and ordered him out of town. Bienneman after his inventory cleansing was made the center of a battery of auto headlights involuntary in down town section and forced to kneel and kiss the flag. The crowd then bedaubed the house of Kegis Brothers and Henry Mueller with yellow paint. The proprietor of the former store agreed to kiss the flag. Mueller, who is a watchmaker, was told to watch his tongue.

SECRETARY BAKER IS EXPECTED IN ROME TOMORROW

Rome, Monday, April 1.—Newton D. Baker, for American secretary of war, is expected here tomorrow from the Italian front. He will be accompanied by Ambassador Page.

The secretary will attend the wedding of Miss Augusta Grover of Princeton to Harold Johnson, secretary of the embassy at the embassy. Afterward Secretary Baker will see Premier Orlando, Finance Minister Nitti and General Servadei, minister of war.

Ambassador Page will give an official dinner in honor of the secretary who leaves Rome Tuesday night for Paris.

HEAVY VOTING FOR U. S. SENATOR IN WISCONSIN

(Associated Press Telegram)
Milwaukee, April 2.—Early voting in the special senatorial election in Wisconsin, which is to determine who shall fill the vacancy in congress caused by the death of Paul Hustin was unusually heavy. In the cities the polls opened at 6 o'clock, and it was in those centers where heaviest voting had been recorded.

The senatorial candidates are Congressman Irvn L. Lenroot, Republican; Joseph P. Davies, Democrat; and Victor L. Berger, Socialist. Voters of this city are balloting also on justice for the Wisconsin supreme court, mayor and other city officials. Outside Milwaukee the vote is on senator, supreme court judge, municipal officers, and many sections are voting on prohibition.

Y. M. C. A. SENDING SUPPLIES FOR OUR BOYS IN FRANCE

(Associated Press Telegram)
New York, April 2.—Five million bottles of "pop" will be sent overseas this month to the American soldiers in France, it was announced here by the Y. M. C. A. Sodawater will be part of a shipment which will include ten million sheets of note paper, five million envelopes, two million pounds each of sugar and flour, purchased through Federal Food Administrator Hoover; two million five hundred thousand packages of chewing gum, 200 records (phonograph), and coffee, crackers, condensed milk, shaving sticks and toothpaste.

Also, \$10,000 worth of athletic supplies, 200,000 testaments and thousands of other books will go forward.

FRENCH SOLDIERS ENJOY A VACATION

(Associated Press Telegram)
San Francisco, April 2.—Forty-two French soldiers, members of a smoke battalion which has seen three years continuous service in the trenches, reached San Francisco last night enroute to their home. Lasiti, Sicily Islands, where they will spend a month's vacation at the expense of the French government.

The men are in charge of a non-commissioned officer and were clad in uniforms from which they had been unable to eradicate all traces of trench mud.

WILL DEFEND THE TERRITORY AGAINST TURKS

Petrograd, Monday, April 1.—Fierce fighting has broken out in the districts of Batoum, Kars and Ardahan, in the Caucasus. The Armenians and Georgians have formed a large army for the defense of the territory against the Turks who have begun military occupation of the three districts by virtue of the Brest-Litovsk peace treaty.

The Georgians have seized most of the Russian warships in the harbor of Batoum and have taken them into the Black sea. The entire population has been mobilized to oppose the invaders.

BRITISH FLIERS WILL RETURN TO TORONTO, CANADA

(Associated Press Telegram)
Pt. Worth, Tex., April 2.—The British Royal Flying Corps, commanded by Brigadier Hoar of Indian Jungle Campaign fame, which has been training here since October, will soon be starting back to Toronto, Canada. The training will be resumed in Canada.

The British, a thousand strong, came to Fort Worth and shared the three American fields here at the invitation of the U. S. government.

The British opened the three fields here, taking charge before the Americans arrived.

The training has been rapid and intensive. To date forty-seven deaths have occurred from accident at the three fields—two being British. The vast majority of those killed were cadets—only two captains succumbing to injuries though a number of other officers were injured. Three mechanics have been killed. It is also noteworthy that the number of mechanics sent abroad has not been large except a squadron composed almost exclusively of fliers, so great has been the call.

The British will not return to Canada in one body—the movement extending over ten days. After the men in the fields have moved out the headquarters staff will go.

Whether the British will return to Fort Worth next fall depends upon whether they receive an invitation from the war department it is said here. With the departure of the English the fields here will be devoted to America.

WERE INJURED BY "LIVE SHELL" AT MONTGOMERY

(Associated Press Telegram)
Camp Sheridan, Montgomery, Ala., April 2.—Two Ohio men were injured late yesterday when a "live" shell was used during a practice drill. While Sergeant O. E. Willford of Findlay, was instructing Privates Maurice D. Cobert of Ashtabula, and Harold Osborne of Portsmouth, how to load one of the machine guns, the shell exploded and a bullet first struck Cobert in the lower part of the arm and then ricocheted striking Osborne on the knee, making an ugly wound. Both men were taken to the base hospital.

LONE BANDIT ROBS BANK AND MAKES ESCAPE

(Associated Press Telegram)
Cincinnati, O., April 2.—An armed bandit entered the First National bank at Madisonville, a northern suburb of this city shortly after the noon hour, forced two clerks into the vault, took \$9,000 in bills from the cashier's cage and made his escape in a high-powered automobile. The robber failed to lock the vault and the clerks immediately got out. They rushed to the door in time to see the bandit's machine disappearing down the street at great speed and was far out of the suburb before any pursuit could be organized.

GERMANS CONTINUE TO SUFFER HEAVY LOSSES ALONG BRITISH FRONT

ENEMY COUNTER ATTACKS ARE REPULSED AND BRITISH TAKE NUMBER OF PRISONERS AND ALSO CAPTURE MACHINE GUNS AND SILENCE BATTERIES

GERMAN DEAD STREW GROUND IN LOCALITIES WHERE INVADERS CARRIED ON THEIR OFFENSIVE

Lull In Fighting Along Entire Army Front With Exception of Artillery Duels, the Germans Continuing to Rush Up Their Big Guns, But With Little Advantage—Operations Along the Scarpe River, Which Had For Its Objective the City of Arras, In Which Many Divisions Were Employed

(Associated Press Telegram)
London, April 2.—In the sector between the Avere and Luce rivers yesterday the British took 50 prisoners, the war office announces. Thirteen machine guns were also captured.

Near Hebuturn the British made a successful attack, capturing machine guns and prisoners. A German counter-attack was repulsed. A statement follows:

"In the course of the fighting yesterday in the area between the Avere and the Luce rivers, we captured 50 prisoners and 13 machine guns. A large number of German dead were found on the ground in this locality by us and two counter-attacks attempted by the enemy later in the day were broken up with heavy losses by our artillery. A German battery in action in this area was successfully engaged at short range and silenced by our machine guns.

"A successful local encounter carried out by us in the neighborhood of Hebuturn resulted in the capture of 73 prisoners and three machine guns. Many Germans were killed in this operation also, and a hostile counter-attack during the afternoon was completely repulsed.

"On the remainder of the front successful raids in which we secured several prisoners and killed a number of the enemy, were carried out in the neighborhood of Acreville and Holobek.

The German attacks along the Scarpe river on March 28 had as its objective the city of Arras and the formidable Vimy ridge. Careful plans were laid to carry out this ambition and the attack was supported by a vigorous assault south and southwest of Arras units of at least 11 German divisions being employed.

It may be seen, therefore, that the German plans were far-reaching, but the main result they achieved was to increase the total of their casualties. At about 3 o'clock on the morning of the twenty-eighth, the German artillery again opened a terrific bombardment against British positions. It was obvious that the enemy intended to attack. At 4 o'clock the British gunners unleashed an avalanche of shells against the invaders of the same calibre they were using. Shortly after 7 o'clock the enemy advanced.

They came forward and deliberately in full marching order. Each infantryman carried rations for six days, two blankets and an extra pair of boots, indicating that the attack was in deadly earnest. The company commanders were mounted and the infantry was followed closely by the artillery.

On the extreme north the storm-center lay between Gaverelle and Oppy. The Germans lost terribly in the heavy fighting which lasted all day, during which the British fell back to the line between Baillicourt and Gaverelle. The German attacks against these positions were futile. Elsewhere, north of the river, the British stood their ground and pushed forward slightly, Friday and Saturday.

South of the Scarpe the Germans were held up for a time by the division which had been engaged against them for the previous week. After the first day the division retired, somewhat and later was compelled to fall back behind Neuville-Vitasse on account of pressure to the south.

The British stormed strongly held German positions in St. Wood along the Luce river yesterday. When the enemy withdrew after sharp fighting, he left the ground strewn with his dead.

FRENCH OFFICIAL STATEMENT

(Associated Press Telegram)
Paris, April 2.—French and British troops advanced last night between the Somme and Demuin it is announced officially. Over most of the front between Depaunne and the Oise the night was relatively calm. Heavy artillery firing occurred at some points.

The statement follows: "The night was relatively calm on the front between the Oise and the Somme. The artillery fighting became rather heavy along some parts of the battlefield.

"Franco-British troops made some progress during the night between the Somme and Demuin.

"In the region of the Colonne trenches and at Ban de Hapt the French made two successful raids and took prisoners. At Chambreres a German attack on small French posts were repulsed.

MAY MERGE EXPRESS CO.'S

(Associated Press Telegram)
Washington, April 2.—Merging of the express companies under a new corporation to operate them as a unit and work out a basis for distribution of profits, is under consideration between the railroad administration and representatives of the company. Some announcement is expected within a week.

FIRST PRESS OPERATOR TO COPY REPORTS ON A TYPEWRITER BURIED TODAY

(Associated Press Telegram)
Oil City, Pa., April 2.—Harry C. Reeser, one of the most widely known oil and gas men in the United States and who claimed the distinction of being the first telegraph operator to copy a press association report on a typewriter, was buried here today. Mr. Reeser died in Pittsburgh last Saturday, following an operation. He was 54 years old. He was connected in an official capacity with nearly a dozen gas and oil companies. As an Associated Press operator for the Oil City Derrick he was credited with introducing the system of copying press reports on typewriters.

MARS WON DEFECTION.

(Associated Press Telegram)
Columbus, O., April 2.—Knockout Mars Cincinnati featherweight, won handsily from Alvie Miller of Lorain last night, in their second meeting in two weeks. Mars had Miller all but out in the eighth round but was unable to stow him away, the bout going the full 12 rounds. Mars victory was more pronounced than in the former meeting when Miller had Champion Johnny Kilbane in his corner.

DESERTER IS SENTENCED AT CAMP SHERMAN

(Associated Press Telegram)
Camp Sherman, Chillicothe, Ohio, April 2.—Private Norman W. Power of Cincinnati, Ohio, member of company C, 330th infantry, today was found guilty before a general court marshal of desertion.

He was sentenced to be dishonorably discharged from the service, and to be confined at hard labor at the United States disciplinary barracks, Fort Leavenworth, Kansas, for a period of five years.

Bower escaped from the 330th guardhouse where he had been confined, on February 3. He was captured at Circleville, 20 miles from here the same day. In imposing sentence the court considered four previous convictions.

FOUR KILLED IN STREET RIOTING

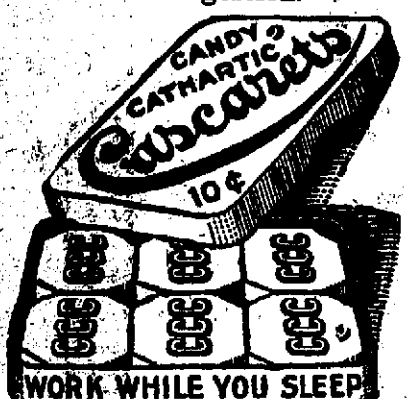

(Associated Press Telegram)
Quebec, April 2.—Fighting between rioting elements in Quebec and the military forces last night resulted in the killing of at least four civilians and the wounding of a number of civilians and soldiers. After midnight the firing died down to a great extent, but men on house-tops sniped the soldiers for hours. The guard placed on the public buildings and in the area where fighting took place was maintained all night. This forenoon the city was comparatively quiet and it was hoped by the military authorities that now that it has been shown that no more breaches of the law will be tolerated, factions will abandon their demonstrations.

REFINED PETROLEUM ADVANCE
(Associated Press Telegram)
New York, April 2.—The Standard Oil Co. of New York today announced an advance of 20 points in refined petroleum in barrels for export, making the price 12.90 cents a gallon.

REALLY! NOTHING LIKE CASCARETS

Enjoy life! Don't stay bilious, sick, headachy and constipated.

Best for bad breath, sour stomach, coated tongue or indigestion.

NEGLECTED COLDS ARE DANGEROUS

Play Safe! Prevent Serious Illness. Try Dr. Bell's Pine-Tar-Honey.

Prompt use of Dr. Bell's Pine-Tar-Honey does more than break up your cough. It may be the "ounce of prevention" that saves you dangerous sickness. Doctors declare the common cold one of the serious diseases with results like pneumonia and tuberculosis which cause a large portion of human mortality.

For years Dr. Bell's Pine-Tar-Honey has been remarkably successful with coughs, colds, grippe, croup, throat, chest or bronchial troubles. Time has proved its healing balsams will soothe and relieve irritation, breathing will be easier, while its antiseptic properties kill the germs which caused infection and are retarding recovery.

Still sold at 25c by all druggists.

Dr. Bell's Pine Tar Honey
for Coughs & Colds

Heal your child's sick skin with Resinol

The minor skin troubles to which infants and children are subject—itching patches, bits of chafing, rash or redness—so easily develop into serious, stubborn affections, that every mother should have Resinol Ointment on hand to check them before they get the upper hand. We recommend Resinol for the utmost confidence because of its harmless ingredients and its success in healing eczema and similar serious skin diseases.

THREE AMERICANS VICTIMS OF THE BIG GERMAN GUN

Paris, April 2.—Long-range bombardment of Paris began at 10:10 o'clock today when a projectile exploded in the region of the city.

Further identifications show that the members of the Landon family of New York, who have been residing in Paris, were killed on Good Friday when a shell from the long-range German gun struck a church. They were: Mrs. Mary G. Landon, wife of Edward H. Landon of New York, and his daughters, Mrs. Lucy Landon-Sheppard, wife of Captain Ralph Sheppard, of the British army service corps, and Miss Ruth Landon.

LANDON FAMILY WAS PROMINENT IN METROPOLIS

New York, April 2.—Edward H. Landon, whose wife and two daughters were killed in Paris when a shell from a long-range German gun struck a church on Good Friday, was a retired New York attorney, who had been in Paris most of the time since the war started. The family is prominent, socially, in New York and Paris. Mrs. Edward H. Landon was Miss Mary Grinnell.

Mrs. Edward H. Landon was a niece of Levi P. Morton, former vice president of the United States, and once governor of New York. The Landon family here has received a cablegram telling of the deaths of Mrs. Landon and Mrs. Spett, and saying Mrs. Ruth Landon was missing.

Edward H. Landon and his wife have been engaged in American Red Cross service in Paris for several years, and Mrs. Peet and Miss Ruth Landon were doing Red Cross work in Paris hospitals.

Edward H. Landon's sons—Harold Morton Landon and Wm. G. Landon—were with the American expeditionary forces. Harold is a first lieutenant of infantry, and William is in the aviation corps.

Francis G. Landon, a New York attorney, brother of Edward H. Landon, is field director of the Red Cross at Camp Merritt, New Jersey.

ORDNANCE MEN SUBMIT BIG GUN PLANS TO DANIELS

Washington, April 2.—Plans for a super-cannon, a great gun of long range, possibly similar to the one with which the Germans have been bombarding Paris, have been submitted to Secretary Daniels by naval ordnance experts after months of experiments.

It is understood, however, that the report includes a statement that the ordnance officers do not believe the military value of such a weapon would compensate for the time and money which must be spent perfecting and developing it.

American ordnance officers have been interested in the possibilities of long-distance guns for the past ten years. The belief that the "game was not worth the candle," as one officer expressed it, prevented rapid progress, but experiments were not dropped and, since the entrance of the United States into the war, added interest has been evidenced in the navy department.

Reports were heard in some quarters that a range of 105 miles was expected of the gun now under consideration. Secretary Daniels would not discuss the matter in any way, but other officials declared that no definite data was at hand on which to make any such estimate.

GERMAN DIVISION ORDER OF BATTLE

Ottawa, Ont., April 2.—A German order captured on the battlefield says Reuters correspondent telegraphing from French headquarters in France describes the order of battle of a German division in the present offensive as follows:

"The division advances in two regiments progressing side by side. The first line of each group consists first of one regiment of three battalions of infantry, whose task is to advance straight upon their objectives, regardless of losses, leaving the work of rebuilding our centers to special detachments following them. These consist first of one company of storm troops, one and one-half machine gun companies and a half company of detachment troops with liquid flame fire. Half a heavy trench motor company, one battalion of light trench motors and two batteries of what is called infantry guns. In reserve come the third infantry regiment and a division of five tanks of British origin and an independent group consisting of two cyclist companies and one company of storm troops.

"This division is supported by 12 batteries of field guns and six of heavy artillery including a battery of eight inch howitzers.

"According to prisoner a number of enemy battalions have now got light trench mortar detachments known as infantry artillery equipped with two light trench motors of a new model, mounted on spoked high wheels supposed to be capable of firing 20 rounds a minute against the tanks or other attacks. The personnel of each detachment comprises two officers and forty men.

It is apparent from the foregoing that the plans for destroying our centers of resistance have been relegated to the second line, the celebrated storm troops, with high explosives and light trench mortars, after waves of infantry have swept over the position. The mission of these specialists remains the same. They clear trenches and reduce strong points, bomb recalcitrants from dug outs, but while they are doing this the battle is sweeping miles further along.

WAR SAVINGS STAMPS

The total sales of War Savings stamps in Licking county to April 1, were \$326,000, or \$5.34 per capita. The quota for that period was \$5.

Additional members of the Licking County \$1000 War Savings Society: H. L. Gramer, 48 Penney avenue; Ira J. Miller, Johnstown; Dr. J. P. Shaw, Newark; Geo. W. Drake, R. D. No. 1; Black Run; E. A. Smoots, Granville; Mrs. Ella B. Kinney, Granville; James A. Glenn, Granville.

The state committee is preparing certificates of membership in the Thousand-Dollar War Savings Society to be given to all who buy 200 W. S. S. stamps, the April price of which is \$3.50. These certificates are to be signed personally by Governor Cox and State Director Wolfe. They are to take the place of the printed certificates, recently issued.

The seventeen banks of Licking county have sold from January 1 to March 28, \$87,916.32 worth of War Savings stamps. The sales of the week ending March 28 were \$14,611.

The local committee wired Postmaster Geach's splendid report from Granville last night to the state headquarters, which in turn sent it over the state. Granville has bought \$30,565 worth of War Savings stamps in three months, or \$21.35 for every man, woman and child in the town. Granville is the first town of more than 1000 population to attain and surpass the 19.3 allotment of \$20 per capita.

The Ohio War Savings committee upon receipt of the report of War Savings stamp sales here during "Arch Leedy week," wired the Licking county committee last night: "Final results of your 'Arch Leedy week' a remarkable example of appreciation of Licking county people. Your sales, \$67,924, even higher than those of Clark county (Springfield) during 'Hiram Taylor week.' We again congratulate you."

Sales of War Savings and Thrift stamps in March were \$54,000,000, and brought the total receipts from that source since the war savings campaign started to \$128,000,000. Washington officials estimate, however, that actual sales, some of which have not been reported, had been about \$150,000,000. War Savings workers are planning on making special efforts during the Liberty loan campaign which opens Saturday, to sell more \$5 stamps, says a Washington dispatch.

LEO FALLON DIES OF PNEUMONIA AT PARKERSBURG, W. VA.

Taken ill with pneumonia a few hours after he had reached Parkersburg, W. Va., to be examined for enlistment in the navy, Leo Fallon, son of Mr. and Mrs. John J. Fallon, of Eighth street, this city, died at the home of a cousin, Mrs. Barrett, on Monday evening at 6:15 o'clock.

The deceased had been anxious to enter the service of the United States and, failing to pass the draft examination he enlisted in the navy and was sent last Tuesday to Parkersburg for the final examination. On Wednesday he was taken ill with pneumonia, and his condition became dangerous at once, and his parents left for Parkersburg Saturday.

An employee of the B. and O. shops he was given a leave of absence to enlist. He was well liked by a large circle of friends and was a member of the local council of the Knights of Columbus and of St. Francis de Sales church.

He is survived by his parents, Mr. and Mrs. John Fallon, and four brothers, John Fallon of Mabie, W. Va., Harry Fallon of Youngstown, Edward Fallon of battery B, 324th H. F. A. at Camp Sherman, and Bernard Fallon of Cleveland.

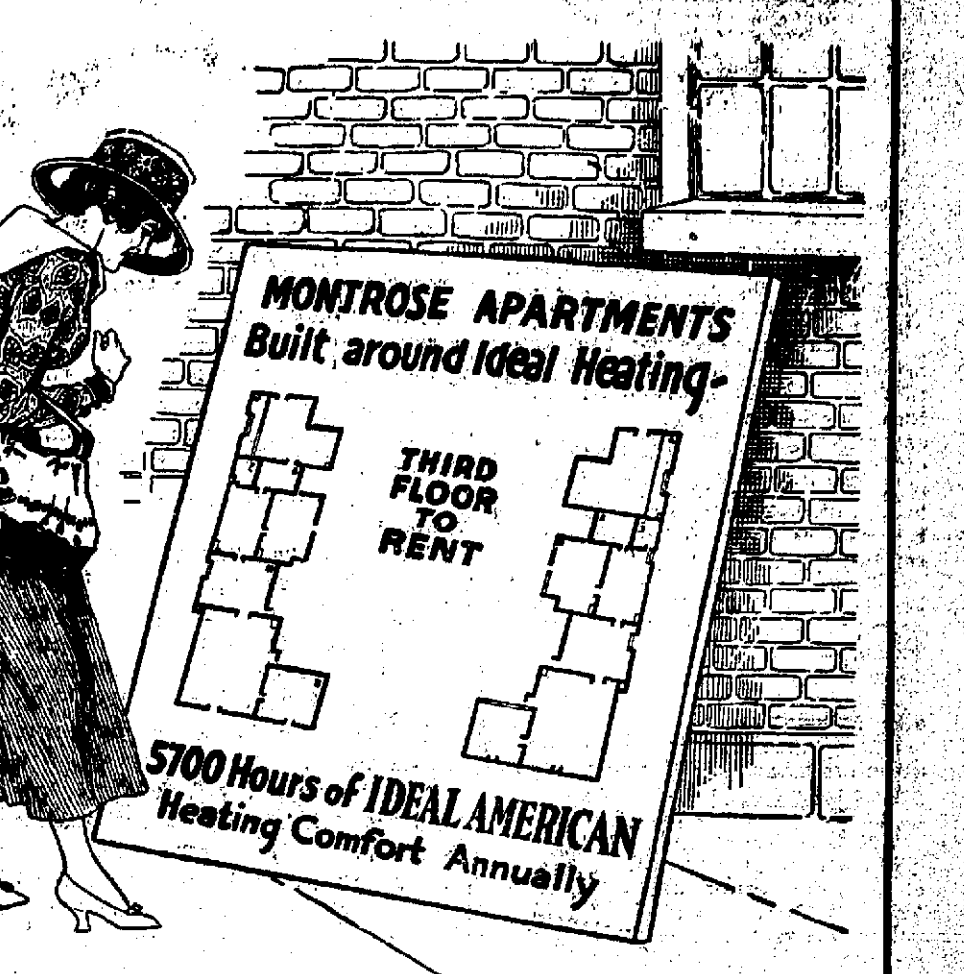

The body will be brought to Newark this evening and funeral services will probably be held Thursday morning.

MILK PRODUCTION RECORD

Sacramento, April 2.—Ralph Jonna Aargle, a breeder of Holstein cattle, of California, at the Napa State hospital has broken the world's record for milk production in thirty days. It was announced here today by the state board of control. The record was 3,945 pounds or 1,397 quarts in a month. The previous high record for thirty days is said to have been 3,767 pounds. The production of the cow at current prices will total \$208 for the month.

Why tenants look for IDEAL heat

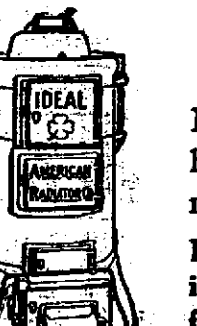

After the long, hard winter, renters know and appreciate more keenly than ever the difference between a house or flat heated "in spots" by old fashioned methods as compared with the uniform comfort and cleanliness of IDEAL-AMERICAN Heating. They shun one and seek the other. Landlords also know that the value of any building, large or small, is much increased by, and renters gladly pay 15% more for—

AMERICAN & IDEAL RADIATORS & BOILERS

These outfits guarantee IDEAL comfort, with freedom from much cleaning, drudgery, and least fuel cost

Both IDEAL Boilers and AMERICAN Radiators will give wonderful service every year as long as the building stands. Made of non-rusting, ever-wearing cast-iron sections which can be installed anywhere without tearing out doorways, walls or partitions. IDEAL Boiler does not require expensive excavation or brick-setting. If building is altered or enlarged, the boiler and radiators may have extra sections added easily. Did you ever see a second-hand IDEAL Boiler or AMERICAN Radiator? And you never will! They're always like new. Fully guaranteed!

IDEAL Boilers have large fuel pots in a modern gas or oil burner, thus extracting every bit of the heat from the fuel. Easier to run than a stove.

Sold by all dealers
No exclusive agents

Look, before you lease, for Ideal heating!

Don't discount your new home or let your present building get behind the times for lack of this heating outfit. No other feature of a building yields equal returns—in fuel savings, absence of repairs, household cleanliness, and least care-taking.

If you are weary of everlasting blackening, repairing and fire-coaxing, discard at once the old way and put in an IDEAL-AMERICAN outfit at this season, when you get best attention of most skilled fitters. Send for free booklet—"Ideal Heating" which explains how to get full returns from every heating coal bill.

This permanent Vacuum Cleaner is best to buy

Installed in any new or old building without tearing up anything. Now also made in two-sweeper size for apartments, hotels, office buildings, etc. Lasts for years—always ready for most thorough cleaning. Fully guaranteed, in stock at \$190 up. Sold on Easy Payment plan. Send for catalog and know why the ARCO WAND is best to buy.

AMERICAN RIFLEMAN.

Dispatches from the American front in Lorraine claim that in the sniping game so far, our American riflemen have had the advantage over the Germans. For a time Fritz was much inclined to look over the trenches and personally investigate the operations of the Sammies. He has found out about them by actual experience in many cases. It is too soon to say the American is a better rifleman than the German. Fifty years ago he would have been beyond a doubt. The traditions of our army have led to good rifle practice. In all our Indian fighting, as well as in more serious conflicts, accurate marksmanship was a big factor.

During recent years the National Guard organizations have had their regular practice, and have done a great deal to maintain interest. But there have been many states where the militia organization was unsatisfactory. The great majority of militiamen only served a few years when they were discharged, most of them quit their life practice.

It most centers of population there have been small gun clubs that have trained more or less sharpshooters, but the sport has not had wide popularity. The enormous number of men that go hunting in this country must be a factor in our marksmanship. Many country boys that never saw a army rifle are death on all the squirrels of the neighborhood. They will be formidable snipers. One can't believe that all the good marksmen of the past generation have failed to hand down this capacity to their sons. The American skill in athletic sports should also train the eye and muscular control. Our boys ought to make a superior record on the rifle end of the game.

BULLDOZING THE WORLD.

The big German gun that is supposed to have shelled Paris from a distance of 65 or 70 miles, is interesting in many ways other than as a scientific marvel. It thoroughly illustrates the German temperament. It was timed exactly to begin its work with the start of the German drive. It was kept as a complete surprise, with the hope that it would help at that critical moment to terrorize the French people into submission. It was expected that the Germans are the supermen they claim to be, and hence that it is useless to struggle against them any further.

That kind of warfare is very odd. It was frequently very effective against the savage races. When the conquerors of remote lands first opened fire on the natives with powder and ball, the barbarians used only to spears and arrows were affrighted. They dropped in terrified submission, gave up their simple weapons, and became the fearful slaves of their victors. That is what the Germans think they can do now. It has been their consistent policy every day of this war. Air raids over undefended cities have no military value. They destroy no forts, and dispose of no military supplies. They are simply undertaken to terrorize and bulldoze the population and bring them to submission. The Americans, French, English, and Italians of the present day are not simple-minded savages. They cannot be terrorized by the means that proved effective in the early days of firearms. Such efforts to inspire awe and surrender by frightfulness are wholly futile. Instead

they have precisely the opposite effect from what the Germans intended. They only inspire a deeper determination to see this thing through, and end this curse in the world.

THE BIG PUSH.

There will no doubt be disappointment that the big German drive was able to gain as much ground as it has. Yet our allies could do the same thing if they felt it worth while. They also could accumulate 1,000,000 men, and a tremendous concentration of guns at some single sector, and push through. As fast as one regiment was cut down, they could send others on, and on and on, and finally the Germans would have to yield. But the allied commanders never believed that this kind of things pays.

The Germans may call it a victory. But a few more victories of the same kind would end the war, and not in the favor of the Germans. They have probably thrown away two men for every one that our allies have lost in killed, wounded and captured. This "victory" will have a tremendous left-handed effect within Germany. The women of the country are already represented as seething with discontent. They may have raised their boys to be soldiers. But not to be soldiers indefinitely fighting and dying to preserve the ambitions of a ruling caste. This kind of fighting will not help Germany's internal condition.

The result of the drive reveals that Germany, however, is terrifically strong still. She is determined to rule the world at any cost. She will never quit that end until she is absolutely beaten down. Let the Pacificists go and hide out of sight where they will be saved. This is a time for men.

Our country will have to send a much bigger army over there than was thought necessary even a few weeks ago. It looks as if it would take at least 3,000,000 to get a preponderating strength. We are now getting the results of the yellow collapse of Russia. We must fill the gap, or forever be under the domination of the Boche.

PUBLICITY WORK.

Every form of public enterprise today needs to have its "publicity manager." No matter how interesting and attractive a proposition is, if someone does not succeed in "getting it over" to the public, the thing drops out of sight and achieves no success.

Retail trade also needs a publicity manager. The large store almost always has its advertising agent, manager, or writer, who sees that the message of the store is put over to the public in attractive form. The small store cannot afford to hire a publicity man, so the proprietor or some clerk will have to undertake that function himself. The merchant will do well not to underestimate the importance of the function. He would better leave small details of his work undone rather than fail to call public attention to what he is doing by advertising. No matter how good his stuff is, if the public does not know about it, he cannot find any market for it.

A man who grows about taking one of the new issue of Liberty bonds, would, no doubt, be glad to pay taxes to the kaiser any time that potentate concludes that it is about time for another war.

Anytime Mr. Hindenburg wants to play his little game to giving up several hundred thousand men for a few miles of territory, our allies will be ready to accommodate him.

The people who think the Germans can be beaten simply by handing out supplies to our allies, should have been over within reach of the big drive.

Hindenburg was going to be in Paris April 1, but evidently he stopped to pick up something nailed to the sidewalk.

SPRING TREATMENT

Necessary to Purify Blood and Correct Weak, Run-Down Conditions.
Trying weather, exposure to storms, the grip, hard colds, pneumonia, fevers, diphtheria and other blood-poisoning, prostrating diseases leave the whole system sub-normal—below par—weak and slow—blood depleted and thin, with that tired feeling, poor appetite, backache, rheumatic pains, delicate digestive power or almost none at all. The ideal treatment is
Hood's Sarsaparilla—to be taken before meals—thoroughly to purify the blood and expel poisons, and
Pepsin—to be taken after meals—to put power into the blood, give strength, increase red corpuscles and restore tone, and do it quickly.
If there is biliousness, constipation, bad taste in the mouth, or "the blues," the liver is torpid. Take Hood's Pills—they rouse the liver and relieve all liver ills, are perfectly compatible with Hood's Sarsaparilla and Pepsin.—Advertisement.

Minds of moderate calibre ordinarily condemn everything which is beyond their range.—La Rochefoucauld.
Swat Ere the Hanks Fill Up.
Keep watch, you should not fall. I vow, in swatting the first comer; The killing of just one fly now Means trillions less next summer.

They'd Reach About Everybody.
Aunt Caline says.—The missionary meeting was held over at the personage of this weak an' Mr. Loud Talker he maid us a yurry good talk an' at the end of it he says, "Now, ladies," he says, "what would be your idee of the best way to spread the gospel to the uttermost parts of the earth?" he says, An' Etta Hamm she says rite serious, "Put a Bible in every Ford oto," she says.

Orthopedic.
Jane (over the telephone)—"I'm having perfectly awful trouble with my toe."
Irene.—Why don't you try that chiropodist who comes to the Sanitarium every week? They say he's fine."

Jane — "Heavens! I'm talking about the toe of the sock I'm trying to knit!"
Realization.
Beneath her pretty dimpled chin she gently tucks her violin. Ah, life for me would solve its riddle! Could I change places with her fiddle! —Youngstown Telegram.

Then one day, by the lady's grace, I took the fiddle's cherished place; Of bliss it no more seems the sum,— She's got me now beneath her thumb.

Did You Know
That most authorities now seem to agree that for a normal, healthy person a well-balanced diet should consist of ten per cent protein food, sixty per cent carbohydrate food, and

reached Vandalia, Ill., and there languished. The Ohio section runs through Columbus to the point opposite Wheeling, and the parts to be rebuilt are in Muskingum and Guernsey counties.

Work on this once famous highway will be both a reminder of early days and the omen of a new era.

NEW DRAFT PROPOSAL.

(Columbus Sunday Dispatch.)
The new draft measure—to take the boys who have reached twenty-one since June 5, 1917, into the army, seems to be a wise measure. There is no reason why this should not be done, since we still need men for the army.

We might as well make up our minds that we are going to have an army in this country, and in having it, we might as well make up our minds that the young men must enter it. War is a young man's game, and will always be. Old men can not stand the strain, and by old we do not mean the centenarians, either.

It has been demonstrated in the present struggle that men over thirty-five years of age do not make as good soldiers as boys. The fellow who is eighteen is a much better soldier than the fellow at thirty-five or forty, and the ideal age seems to be between twenty and twenty-five.

The proposition to train all boys between eighteen and twenty-one was voted down as it probably should have been. We have enough men between twenty-one and thirty-one to constitute an even larger army than we can handle for the present, and there is no occasion for taking the younger chaps, although military training would unquestionably do much for them.

HAIL! FOCH!

(Pittsburgh Gazette Times.)
At last Germany is to be fought by an actually united foe. In the midst of the greatest trial of the war, when disaster had been but narrowly eluded by the Allies in France, a Supreme Commander has been designated. Hail! Gen. Foch! The whole American people join heartily in seconding President Wilson's cablegram of congratulation to the illustrious French soldier on the attainment of his "new authority." The change comes late, but apparently not too late for the Allied armies seem to have the enemy fairly in hand on the 100-mile front of bitter fighting. With a unified campaign directed by one competent brain with a single purpose in view we should see results in the discomfiture of the Germans. No more can the Germans boast they are beating their enemies one by one. They have driven the truth home to the Allied peoples. Britons who a few short months ago were ready to unhorse Lloyd George for intimating the necessity of a generalissimo who might not be British, welcome the innovation. Americans, of course, applaud the decision; they have urged it for long.

The tenth day of the great battle, which may now prove the decisive conflict of the war, opens with every French, British and American breast more confident of success because the right thing has been done.

REBUILDING AN OLD PIKE.

(Cleveland Plain Dealer.)
The old National road, begun more than a century ago and abandoned in large part when railroads came to monopolize attention, is given new importance by the exigencies of the war. The particular present incentive is due to the traffic congestion on all transportation lines. The government wants good roads between interior points and the eastern seaboard for the delivery of war motor trucks.
Two stretches of the old national highway in Ohio are to be rebuilt at once under an emergency call from the war department. It is announced at Columbus that the work will be done chiefly by prison labor. Prisoners who are eligible for early parole and who volunteer for the work will be utilized, as well as others deemed trustworthy enough.
The National road was originally planned to run from Cumberland Gap to St. Louis, Maryland extended it eastward to Baltimore. Westward it

thirty per cent fat food? In addition to this a large amount of water is needed over and above what we get in the foods. A common mistake is that by eating large quantities of meat, eggs and cheese we can better perform work that requires the expenditure of a large amount of muscular energy. The fact is that foods like bread, oatmeal, cornmeal and vegetables and sugars supply us with energy. Another important thing to know is that protein foods, consisting as they do, largely of nitrogen, are, if not promptly digested and assimilated liable to quickly decompose in the intestinal canal and produce intestinal toxemia or auto intoxication.

Make His Crown Look Like Thirty Cents.

It is said that the German crown prince wants to visit Canada after the war. There may not be any crown prince after the war.—Cleveland Plain Dealer.

We'd like to go up and sit on the bridge and see what they'd do to little Willie.

Ho, Hum!
When she's engaged life is all bliss, a round of love and kisses; But, my, how things can go amiss When she becomes a Mrs. —Luke McLaue.

While she's in love all life's a song, For either Miss or Madam; If love grows cold she'll fuss and scold And swan she don't care, Ad-um. —Walton (Ga.) Tribune.

He thought he'd won her heart for keeps, The day he up and kissed her; Her soul-mate came, and now he weeps, Soon after that he Mr.

The Column Writer.
The column writer's life is grand, For coin he never hoards; He takes his sense of humor and Exchanges it for dollars. —Luke McLaue.

We're frane to say we've never found An editor that's willing To trade for sense that we expound More than a humble chaffing. —Newark Advocate.

We do not deal in shillings here, Our memory is too little to fiddle, But of a sense of humor is Not worth more than a nickel. —Memphis Commercial-Appeal.

Spirit of the Press.

No Time to Dine With King George.
A curious story comes from London to the effect that Secretary of War Baker, who recently reached the British metropolis on his return from a visit to the American forces on the Western fighting line, excused himself from dining with the royal family on account of the pressure of his official duties. In a time of peace such a declination would have been regarded as an affront to the British sovereign. A battle which may result in a new map of the world is in progress, and American and British soldiers stand shoulder to shoulder, forming a barrier to the advance of the barbarous soldiers of the armies of the modern Attila. The amenities of social life are properly subordinated to the momentous interests which are at stake. —Rochester Democrat and Chronicle.

Americans Must Pitch In.
Recent disasters on the West front will only postpone the end of the war. And yet it is possible to make a victory out of that reverse. The big German drive will not give it a final victory. It is absurd to think that 100,000,000 men can whip 200,000,000 men. America alone can whip the Central Allies if it goes at it earnestly. We must give up all this foolishness of official rank, of soft jobs and boxing teachers, and pitch in headfirst and do the things that we are really worthy of doing. There is too much camouflage, too much baby treatment, too many committees, too many speeches, and not enough readiness to fight.—Ohio State Journal.

A Troublesome Common Scold.
The arrest of Scott Nearing, in New York, is an inevitable consequence of the persistent, habitual and defiant course as a critic and agitator in dealing with vital questions of the war and the policy of the United States government. The kind of "free speech" which Nearing and other scolds and mischief-makers crave, furnishes much enjoyment in Berlin, but it is a sort of farce for us to be fighting Germany while we tolerate it here.—Philadelphia Public Ledger.

Pointed Observations

If the Swiss Government has purchased 300,000 gas masks, it has revealed the quarter from which it fears aggression. The allies are not the Powers that make a specialty of gas.—Buffalo Inquirer.

We're advised to refer to the Germans as "the enemy." Which seems the proper thing to do. But what shall we call the profiteers?—Toledo Blade.

To Paris the long-range bombardment was a sensation the first day; the third day a joke.—New York World.

The insurance companies want to increase their rates 10 per cent. "Because of the war emergencies." But the country does not burn up when it gets on fire with patriotism.—Memphis Commercial Appeal.

May we not at this time advert to the obvious fact that all this slaughter on the western front was made possible by the crimes of Lenin and Trotsky and their so-called socialism?—New York Herald.

THE HUN GUN.
(Ohio State Journal.)
The other day that big gun which carries 70 miles destroyed a home and killed a child, over in Paris. That shot cost Germany \$4,000, for that is what it costs Germany to fire that big gun once. But what is \$4,000 to Germany if it can only kill a baby or its mother or smash a home with it. Last Sunday about 20 shots were fired and they killed a few innocent people and knocked to pieces a few buildings. But Germany was satisfied. It got full satisfaction out of \$80,000 worth of shooting, for didn't it spoil a little property and punish a few innocent people? The Hun idea is to kill or destroy anything or anybody, so they are not Huns. A baby or German frightfulness is the same as a battery or a troop of soldiers, for does not the killing of one maintain the German policy of fright? The big gun is a great Hun acquisition, for it is no respecter of persons and makes no difference whether its victim is a sweet girl or an armed soldier.

You never can tell. Many a gilt-edge investment has the gilt all on the edge.

SOCIAL EVENTS

SOCIETY EDITOR, AUTO 'PHONE 2116

Miss Bertha Fulton, daughter of Mr. William D. Fulton, secretary of state, and Mrs. Fulton, 940 East Broad street, has entered St. Luke's Hospital for Nurses. Miss Fulton plans to go into Red Cross work, if her services are needed, when she has finished her course at the end of three years. She has been in charge of some of the classes at Red Cross headquarters, 471 East Broad street, for several months. Miss Fulton left last Wednesday for New York—Columbus Dispatch.

Taylor hall was forced to display the S. O. S. sign on Monday afternoon when the play given by the Monday Talks for the benefit of the Public Library was presented. Every seat was taken and many remained standing during the production.

Of the 16th century, and resplendent with comedy the cast admirably presented the play, under the direction of Miss Florence King. The costumes in keeping with the period designated by the play were designed by Miss Mary Sherwood Wright, and the perfection attained in the delineation of the varied characters, bespoke the excellent work of Miss King in rehearsing the whole.

The leading roles were given by Mrs. James R. Fitzgibbon and Mrs. Robbins Hunter, who enacted the title characters of the dumb wife and the man who married her. Mrs. Fitzgibbon was the man, Judge Leonard Bate, who was married to Mrs. Robbins Hunter, in the character of the dumb wife.

Mrs. Leland Baxter, splendidly portrayed the role of the lawyer and the genuine cries as used by the street criers at that time were exceptionally well done by Mrs. George Upson, Mrs. Sara Rosebraugh, Mrs. C. W. Miller and Mrs. W. A. Dorey.

The take-off of the representatives of the three branches of the medical profession were given by Mrs. E. T. Johnson, Mrs. Edward King, and Mrs. Frederick Black. Mrs. King, who acted as the comedienne, was her characterization and Mrs. Daisy Symons was clever as the blind fiddler. Mrs. Walter Bainbridge made a beautiful Mlle. de la Garandiere, and the epilogue was sung by Miss Mary Carl and Mrs. Ralph Cook.

Two cunning and clever little pages were portrayed by Mary Franklin and Elizabeth King, and preceding the play Mrs. C. W. Miller sang the Marseillaise.

No admission was charged by the Monday Talks, but a silver offering was asked as the production had been arranged as a benefit for the Public Library. The collection netted \$96.

The club members have expressed their thanks in aiding in the making of the play a success to Manager Landor of the Y. M. C. A. and the directors of the association for the use of Taylor hall. Also to Mr. Halbrooks, florist for the palms used and to Mrs. Alta MacBown for the wigs.

Plummer—Side.
The marriage of Miss Jessie Eleanor Side and Mr. Harvey J. Plummer took place on Monday afternoon at 4 o'clock at the parsonage of the East Main Street U. B. church, Rev. A. B. Cox officiating.

Knickerbocker—Stidd.
Mr. Frank Knickerbocker and Mrs. Lucinda Stidd, both residents of this city, were united in marriage at the Second Presbyterian Manse on Monday evening at seven o'clock. Mr. Tullis performed the ceremony. They were accompanied by friends. They will make Newark their home.

The Women's Music Club will meet Thursday afternoon at two o'clock at the home of Mrs. John H. Franklin, 65 West Church street. According to the year book this meeting was to have been a business meeting but owing to unforeseen circumstances the date of the business meeting has been changed to Thursday, April 11. A miscellaneous program of compositions by modern composers has been arranged for Thursday's meeting and all active and associate members are urged to attend.

Mrs. Sarah Devoll of Rocky Fork delightfully entertained her children Easter Sunday. At noon a dainty repast was served which was greatly enjoyed. Those present were: Mrs. Harry Marmie and children, Earl, Gladys and Ralph. Mrs. Jode Smith and children, Frank, Blanche, Fred, Guy, Raymond, Marie and Minnie. Mr. Will Hunter and son, George, Nellie and Willie. Devoll of the home. Mr. and Mrs. Charles Daugherty and little son Ralph. Mr. and Mrs. Fred Cullison, Walter Wallace and Grace Haines of Newark and Frank Devoll of Bridgeport, Ohio. All of the children were present except Clarence Devoll and family of North Bend, Ohio, they being unable to come on account of sickness. The day was pleasantly spent and at a late hour all departed for their homes.

**Dandruff Scapels
Lead to Baldness**

If you have dandruff get rid of it quick—it's positively dangerous and will surely ruin your hair if you don't. Dandruff means faded, brittle, gray, scaly hair that falls out and falls out—new hair will not grow—then you are bald and nothing can help you. The only sure way to abolish dandruff for good is to destroy the germ that causes it. To do this quickly, safely and effectively use the famous "Beech Woods" Dandruff Scalp Lotion. It is guaranteed to cure dandruff, stop itching scalp and falling hair, and promote a new growth of the coat, small as it is, will be refunded.

Parian sage is a scientific preparation that supplies all hair needs—antidandruff, liquid, neither sticky nor greasy, easy to apply, and delicately perfumed.

If you want beautiful, soft, thick, lustrous hair, and lots of it, you must use Parian sage. Don't delay—begin tonight—a little attention now insures abundant hair for years to come.

W. A. Erman will supply you and guarantee money refunded if not satisfied.

Dependable silks are not bought from peddlers

Not often can you depend on coffee bought from peddlers. Here today, gone tomorrow in his dusty wagon, he cannot be as much interested in giving you full value as your grocer is.

For full-value coffee, your grocer will sell you Golden Sun in dust-proof packages. Fresh and fragrant you get it—free from dust and chaff. That's why Golden Sun makes more cups to the pound. For its superb flavor, its aroma, its economy—try it today. Sold only by grocers.

THE WOOLSON SPICE CO.

Toledo Ohio

homes, claiming Mrs. Devoll a royal entertainer.

Mr. and Mrs. Vance Wallace of McKinley avenue delightfully entertained Sunday, honoring Mr. and Mrs. Floyd Mohler and children Eva, Sylvia and Jessie of New Lexington, O., who spent the week-end visiting relatives and friends here. Those who enjoyed the day were: Mr. and Mrs. Pearl Berry and little son, Nyal and Mrs. Charles Starmer of New Lexington, O., and Mr. and Mrs. Jesse Mohler of Newark.

Mrs. Ethel Miller entertained at her home, Western avenue, Saturday afternoon, honoring her little niece, Dorothy Frenier's eleventh birthday anniversary. The hours, from 2 until 4, were spent in games and other amusements, after which refreshments were served and tiny Easter baskets were given as favors to the guests.

Helien Moul, Eva Favors, Mary Reel, Grace Anderson, Rosaline D'Yarmett, Lulu McCann, Evah Bratton, Mamie Reel, Beatrice Louis Dohis Moul, Mildred Hammond, Ina Whiteside, Pauline Collins, Claudia Stuck, Eddie Priest and Dorothy Frenier.

Lavish with the favors and decorations, the Elks carnival dance last night at the club-room proved delightful in every way. Eighty guests attended and the costumes were original and attractive, ranging from the scarecrow to the debutante's society gown. Streamer and powdered favors were of all kinds, with great numbers of whistles and horns.

The Seelman premier orchestra of Columbus, rendered the dance music, and punch was served throughout the evening.

Mrs. Frank Wright entertained at her home, West Newark, Sunday, at luncheon, honoring Mrs. Clifford Wagner. The table was centered with a bridal cake, from which red, white and blue ribbons were used, and the place-cards were Easter chicks. Places were laid for six guests.

Mrs. Oren Hall is entertaining this afternoon with a sewing party for the pleasure of Mrs. Ralph Cook and Mrs. Joseph Gainer.

TODAY'S AID TO BEAUTY

Hair is by far the most conspicuous thing about us and is probably the most easily damaged by bad or careless treatment. If we are very particular in hair washing, we will have virtually no hair troubles. An especially fine shampoo for this purpose is the hair; that dissolves and entirely removes all dandruff, excess oil and dirt; can easily be used at trifling expense by simply dissolving a teaspoonful of Canthrox (which you can get at any druggist's) in a cup of hot water. This makes a full cup of shampoo liquid—enough so it is easy to apply it to all the hair instead of just the top of the head. This chemically dissolves all impurities and creates a soothing, cooling lather. Rinsing leaves the scalp spotlessly clean, soft and pliant, while the hair takes on the glossy richness of natural color, also a lustrous sheen which makes it seem much heavier than it is. After Canthrox shampoo, arranging the hair is a pleasure.

BEECH WOODS

Dora Foster died at her home here late Thursday afternoon after an illness of several months with Bright's disease. Deceased was 55 years of age, leaving a widow and three sons, Peter, George and Owen. Funeral services were held Sunday afternoon, interment in the Drumm cemetery.

Owen Foster is building a new part to his barn this week.

Ray Foster was called home from Camp Sheridan to attend the funeral of his father and will return Friday.

George Foster is building an addition to his dwelling.

Walter Foster moved his family and household goods to Bremen Saturday.

M. G. Foster and family were New York visitors Wednesday.

Edward Gordon has purchased the Lamb farm and will move to that place in a few days.

Allen Sam has moved from the place to a farm north of Somerset which he purchased.

Wetzel Dimpler was a Lancaster visitor Saturday evening.

Folk have moved from the Pleasant town ship.

ABOUT PEOPLE

Mr. and Mrs. Jasper Keckley of Hudson avenue left last night for Shreveport, La.

Miss Julia Braunhold, South Fifth street, is visiting her sister, Mrs. Rollin Swisher in Columbus.

Mr. and Mrs. Frank Richard Clary of Pittsburgh, are visiting the parents of Mrs. Clary, Mr. and Mrs. George H. McLain, 233 North Eleventh street. Mrs. Clary (formerly Mary Belle McLain), is a graduate of Newark high school and Shepardson College. Mr. Clary is a graduate of Denison University and is employed in the office of the Jones & Laughlin steel mills, Pittsburgh.

S. L. Beene has returned from Pittsburgh where he spent the past week. While there he called on his friend and former teacher, Wm. H. Duff, formerly of Duff's College, but now retired and living in the King Edward apartments in the East End.

Mrs. V. Perry and Miss Leontine Moore were visitors at Camp Sherman, Sunday.

Miss Myrtle Bryson of Cleveland is visiting at the home of her sister, Mrs. Chas. Butler in Tenth street.

Frank Wheeler of Cambridge, was a visitor in Newark, Monday.

John Jayne of Pittsburgh, Pa., spent yesterday in this city.

Chief of Police James Sheridan is spending the day in Cleveland.

THE COURTS

Commissioners' Office.
The county commissioners went to Union township today to make the adjustment for the assessment of the Martin-Schaff ditch.

Failed to Secure License.
Harry Kissel, 22 Sherwood court, was arrested this morning on the charge of not having secured a license for his dog. The hearing of the case was held this morning in Justice D. M. Jones' court, and he was fined \$5 and costs.

Real Estate Transfers.

M. E. Reurner to Peter Handley, 80 acres in Jersey township; \$5,000.
Frank B. Carter to Paul L. Fravel, 50 acres in Jersey township; \$3,500.
B. G. Ashbrook to W. J. Livingston, part of lot 145, Granville, \$1, etc.

Nancy McKinley to J. L. Hall, 200 acres in Newton township; \$1, etc.

Trustees of Ohio Wesleyan University to C. R. Stewart, parcels in Lima and Jersey townships; \$6,100.

Jennie M. Ferrell to Francis J. Lafferty, part of in lot 10, Johnston; \$1,115.

W. C. Wells to W. H. Coffman, lot 25 in Wells and Miller's park addition; \$1, etc.

O. B. Sturman, in lot 3915 in Heisey's addition; \$1, etc.

Peter Schoonmaker to A. L. Wright, parcels in Hanover township; \$4,750.

J. B. Howard to J. D. Watson, parcels in Harrison township; \$1, etc.

J. D. Watson to Rex Watson, 68.06 acres in Harrison township; \$1, etc.

Marriage Licenses.
Harvey J. Plummer, laborer and Miss Jessie Eleanor Side, Newark, Rev. A. B. Cox named to officiate.

Frank Knickerbocker, teamster, Newark and Mrs. Lucinda Stidd, Newark.

Brings Back Prisoner.
Sheriff Chas. H. Swank has returned from Piqua, O., bringing back with him Eli Shaw, indicted by the grand jury for non-support.

Common Pleas Court.
In the case of Eli Hull vs. Henry O. Norris, as executor of the last will and testament of Jerome Buckingham, deceased, et al., the court of appeals has handed down a decision, entering judgment for the defendants. The suit was brought to recover the sum of \$3000, with interest, claimed to have been advanced by plaintiff to defendants in the purchase of coal lands some years ago.

George L. Swartz vs. Board of County Commissioners. Trial set for Friday morning. Suit was brought to enjoin the collection of a special assessment for the construction of the Jacktown pike, on the ground that plaintiff's land does not abut upon the improvement.

Our Boys and Girls

Many mothers do not realize that they are not only responsible for the health and general welfare of their children, but for their good looks as well. As nothing detracts from the expression of the face than bad teeth, it is the duty of the parents to see that good ones are cultivated in the mouths of their children.

Decay destroys more teeth than all other diseases of the mouth. Therefore, an ounce of prevention in caring for the teeth, as well as in other matters, is worth a pound of cure. Mothers, whose children have poor teeth, often lay it to inherited tendencies, but dental experts all agree that it is not so much the quality of the teeth, as their environment, which causes them to decay.

Then, too, the teeth need exercise to make them strong, just as much as do the muscles. Consequently, the constant use of liquid and soft food will give the teeth so little to do that, from the inexcusable law of disuse they will suffer decay.

Every Day Etiquette

"Is it improper for a man to raise his hat and speak to a woman acquaintance on the street before she speaks to him?" asked Jack.

"If the woman is a close acquaintance he may raise his hat and greet her politely, but otherwise he should wait until he has received some sign of recognition from her," said his father.

You can't tell much about a fellow's musical education from the way he sings his own praise.

T. L. DAVIES LEADER IN QUALITY AND LOW PRICES

INSISTS HIS DISCOVERY OPENS UP CATARRH STUFFED NOSTRILS IN THREE MINUTES—SOMETIMES LESS

Advices All Catarrh Victims To Throw Away Stomach Medicines, Kill atarrh Germs with Katarrfo, Get Rid of Catarrh and Stop Ringing Noises in Ears

Catarrh: One of the most loathsome of diseases is caused by germs—wicked, deadly germs that multiply rapidly and by digging into the mucous membrane cause soreness, swelling and inflammation with mucous discharges.

A few years ago catarrh was considered incurable, because no one was clever enough to get up an apparatus that would spread over the entire membrane of the nasal tract a germ killing air in which catarrh germs could not exist.

But the Katarrfo Blower changed all that and now all you have to do to get rid of catarrh is to blow the germs in to eternity.

Just note the picture of the Katarrfo Blower which is made of highly polished nickel. The small lower tube is placed in the nostril, the two upper tubes in the nostrils. Then blow over the entire nasal tract way down into the bronchial tubes, the highly antiseptic germ killing vaporized air of Katarrfo.

That's the way to cure catarrh and to stop those annoying ringing, buzzing noises in the ears. Many people say it is the only way.

Katarrfo will end the most stubborn case of catarrh in a few days, because it soothes the sore, inflamed membrane, reduces the swelling and kills to stay killed the microbes that cause all catarrhal troubles.

To make it easier for catarrh sufferers in this vicinity to secure a Katarrfo Blower and bottles of Katarrfo, Evans has agreed to keep a supply on hand at all times and will gladly show anyone how easy it is to get rid of disgusting catarrh at trifling cost.

The Sick

Robert E. Forgraves is confined to his home, 420 Eddy street, with a severe attack of rheumatism.

The many friends of Mrs. Clark Proven, who is in the City Hospital, will be glad to know that she is improving and will soon be able to leave the institution.

LEGAL NOTICE.
In the Probate Court of Licking county, Ohio.
D. D. Rittenhouse, Administrator of the Estate of Delbert A. Walton, deceased, Plaintiff.
vs.
Mae U. Walton, Joseph C. Walton, Earl M. Walton, Cecil E. Walton, and The Newark Trust Company, a Corporation of Newark, Ohio, Defendants.

Case No. 3895.
Publication Notice.
Earl M. Walton, his residence is unknown, will take notice that D. D. Rittenhouse, administrator of the Estate of Delbert A. Walton, deceased, on the 31st day of January, A. D. 1918, filed his petition in the Probate Court of Licking County, Ohio, alleging that the personal estate of said decedent is not enough to pay his debts and the charges of administering his estate, that he died, seized in fee simple of the following described real estate, to-wit: Situate in the County of Licking, State of Ohio, and in the City of Newark, Ohio, and bounded and described as follows:

First Parcel: Being lot No. 1120 in Lewis Evans Addition to said City.
Second Parcel: Being part of lot No. 1121 in Lewis Evans Addition to said City, and being more particularly described as follows:

Commencing at the northeast corner of the First Parcel above described; thence north along the east line of said lot 15 feet; thence westerly parallel with the south side of said lot to the west line thereof; thence southerly along the west line of said lot to the southwest corner thereof; thence easterly along the south line of said lot to the place of beginning.

The premises above described being known as house numbers 251 and 253 on the westerly side of North Fifth street in said City of Newark, County of Licking, State of Ohio; that Mae U. Walton, the widow of said decedent, is entitled to dower in said real estate, and that the Newark Trust Company, a corporation, claims to hold a mortgage thereon for \$1,550. The prayer of the petition is for the assignment of

BOWSER MEETS BIG SYRIAN AT THE AUDITORIUM

Paul Bowser, middle weight champion of the country, meets Alex Thomas, giant Syrian, at the Auditorium theatre Thursday evening. In a finish match, best two falls in three. Thomas, who challenged Bowser some weeks ago, agreed to throw him once in an hour but did not succeed, and negotiations were started by Thomas on an endeavor to secure a finish match. Thomas wired Bowser and offered him a hundred dollars to go to Youngstown, O., and wrestle him there, but owing to the small size of the purse offered Bowser declined, so the arrangements have finally been made to stage the bout here.

For those who like the rough house style of wrestling this bout will surely appeal to them as there will be action every minute of the same course is pursued as in the last match. It will be remembered that Thomas wrestled all over the stage, in the boxes and in the orchestra pit as well as on top of the plane. Although giving away thirty-five or forty pounds in weight Bowser is confident that in a finish bout he has an even chance with his big Syrian.

One of the preliminaries already arranged is Whitey Long, a very clever wrestler and pupil at the Bowser school, who agrees to throw Ralph Lane and Sylvester Winters one fall each in fifteen minutes. This bout promises to be a hot one, as Lane has started to finish. Another bout will be between Kenneth Tauscher and a 95 pound boy from the East End.

Frank Burns of Flint, Mich., who wrestles Billy Minich at Coshocton Tuesday night, has been secured to wrestle Ed Conley at the top of the night. This ought to be a splendid exhibit as both men are in the best of shape and both, high class mat artists.

The bill is good and ought to pack the theatre. Seats are now on sale at the box office of the Auditorium theatre and reservations can be made there at any time after 10 a. m.

LOCAL MINISTER WOULD ENTER THE "Y" WAR SERVICE

Rev. Don D. Tullis of the Second Presbyterian church will speak at the meeting of the Central Y. M. C. A. Brotherhood in Zanesville on Thursday evening.

Rev. Mr. Tullis has made application to enter the Y. M. C. A. as a war worker, and is awaiting word as to a possibility of his being assigned.

AUSPICIOUS START Y. M. C. A. CAMPAIGN FOR SUBSCRIPTIONS

Last evening at 6 o'clock forty-four representative business men met at the Y. M. C. A. and after partaking of the meal, the members of the Y. M. C. A. were organized into a campaign to raise \$5,000 for the Y. M. C. A. The officers of the campaign are: Dr. C. L. Wyeth, chairman; Harrington, Davis, Spencer, K. I. Dickerson, campaign manager.

This was the most auspicious opening of any campaign for local funds within the memory of the members of the local board, most of whom have served and labored faithfully for the Y. M. C. A. for several years. Advance subscriptions to the amount of \$900 were reported at the meeting last evening, \$500 of this amount being pledged by the board of trustees.

The campaign will only last two days, April 2 and 3, closing Wednesday evening. These men have a big task before them as it means securing between four and five hundred subscriptions, and the citizens should respond promptly and take as little of the solicitors time as possible, as these are all busy men and are not only giving liberally of their own funds but what is more, giving very largely of their time to the support of the "Y," which of course is for the benefit of all Newark citizens who care to avail themselves of the privileges offered.

SPADE AND HOE TO REFRIND THE RIFLE AND BAYONET.
(From a statement by the British Ministry of Food.)
War is making bare the world's cupboards, the granaries are being emptied, the flocks thinned, the herds butchered, the mines scraped. War is making everything dear except human life, the destructive monster is consuming more food essentials than it is producing. Want follows hard in the wake of the chariot wheels of Mars, and the whole world is threatened with hunger, the menace of which will become greater with the prolongation of hostilities. Victory will go to the combatants who are best fed and nourished. The food question is now paramount. Food production is as essential to victory as food and ammunition.

THE SPADE AND THE HOE MUST REFRIND THE RIFLE AND THE BAYONET.
D. D. RITTENHOUSE
Administrator of the Estate of Delbert A. Walton, deceased. 3-5-Tuesst

A HOUSEHOLD DILEMMA.
Are you satisfied with your new cook?
In doubt about how to express yourself. If I say I am dissatisfied she'll leave and if I admit that she is a treasure the neighbors will steal her.

MUSTEROLE—QUICK RELIEF! NO BLISTER!

It Soothes and Relieves Like a Mustard Plaster Without the Burn or Sting.

Musterole is a clean, white ointment, made with the oil of mustard. It does all the work of the old-fashioned mustard plaster—does it better and does not blister. You do not have to bother with a cloth. You simply rub it on—and usually the pain is gone!

Many doctors and nurses use Musterole and recommend it to their patients. They will gladly tell you what relief it gives from sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frost-bitten feet, colds of the chest (it often prevents pneumonia).

30c and 60c jars; hospital size \$2.50.

REPORT OF THE PUBLIC SCHOOLS FOR PAST MONTH

The following report of the Newark public schools for the period ending March 29, has been issued by Superintendent of Schools, Wilson Hawkins: The total average attendance of all the schools has been 4,145 and compared to 4,145 last year, a difference of but one; the percent attending has been 95, the same as last year.

Building	Enrollment	Attendance	Per Cent	Chances of
Central	433	206	94	6
Mahoin	383	165	93	7
Hartler	382	141	93	4

High School.
This year 702 355 96 15
Last year 649 313 96 47
Total for All Schools
This year 4145 1926 95 61
Last year 4145 2028 95 87

Notes and Comments.
It will be noticed from the above report that there is but one more pupil enrolled than at the same period last year.

Attendance and punctuality are very good. The number of tardiness has dropped from 87 last year to 61 this year.

The schools are making an excellent record in the sale of Thrift Stamps and other war work. In December 5600 Red Cross memberships were received by school pupils. At present thousands of tickets are being sold through pupils for the Red Cross of the Nation now showing at the Auditorium theatre. Over \$23,000.00 of Thrift Stamps have been purchased by pupils and teachers leaving less than \$1,000 to reach the year's quota.

Arbor Day exercises will be held in all the school buildings on Monday, April 12th. These exercises this year will be of a practical kind consisting of cleaning up school grounds, planting of trees and shrubbery on school grounds and at home, making of garden.

The High school minstrels held on March 21st and 22d was a wonderful success. Three crowded houses were present in admission. Over \$500 was received. Mr. Kloppe and those having the minstrels in charge, as well as those taking part in the performance, are to be congratulated upon their success.

There are but nine more weeks of school this year. The Superintendent wishes to urge pupils, teachers, and patrons to make these closing weeks the best weeks. In order to do this, the best weeks in school every day. Many are on the doubtful list as to promotion but by uniformly good work all along the line, most of these can go through to the next grade.

ANNUAL BUDGET IS PRESENTED TO THE CITY COUNCIL

Survey to Be Made for a Water Purification System—Amendment to the Traffic Ordinance.

The meeting of the city council was called to order last evening at 7:45 o'clock by President R. L. Williams, and all members responded to the roll-call. Clerk J. F. Woodward read the minutes of the last meeting and they were approved and filed.

The mayor's report showed that \$204 had been collected during the month of March from fines and licenses. The annual budget and estimates of funds needed for the various departments were given as follows:

Sinking fund	\$146,597 91
(Subject to a credit of \$40,000 income from various sources.)	
Service department	\$63,500 00
Safety department	70,080 00
Board of health	7,532 00
Library	2,500 00
General fund	21,645 00
Hospital	2,800 00
Firemen and police pension	3,000 00

The estimates were received and filed.

City Auditor A. Nelson Dodd made a very complete report of the expenditures of the various funds for the year of 1917, as follows:

General fund	\$21,086
Safety	59,007
Health	5,657
Service	43,690
Hospital	1,755
Library	1,927

The annual expenditures for each of the last five fiscal years were: 1913, \$121,235; 1914, \$136,327; 1915, \$145,331; 1916, \$129,163; 1917, \$132,129.

A petition was read by the clerk from 14 property-owners abutting on Race street, asking for the construction of a sewer on that street. This was referred to the street committee.

A communication from the board of health was read asking that on account of the unusual prevalence of contagious diseases, notes be issued to the next tax collection. The amount was \$1750, and this is to be placed to the credit of the health department. The communication was received and filed.

An ordinance was introduced by Newark, authorizing the director of public service to hire an engineer for preparing plans and estimates of the cost of a general survey and to pay the expenses of the survey for a water purification system. The ordinance was passed on suspension of the rules.

An amendment to ordinance 1979 was introduced by Baker, determining the parking of automobiles and vehicles. The amendment prohibits parking automobiles within 10 feet of fireplugs; tail-lights must be kept burning on all machines parked after sunset, and they must be headed towards the right with the current of traffic. Automobiles must be parked headed towards the curb at an angle of 60 degrees. No turns are to be made between blocks, but at the nearest street intersection. The amendment was passed and approved by the mayor last night.

An ordinance by Keyes, to borrow \$1750 on notes to be placed to the credit of the board of health, was voted down by a vote of six negatives and three affirmatives.

The report of the special committee, composed of Newark, Faust and Knauber, to investigate an infiltration system, was submitted and the committee advised that a special engineer be employed for the installation. Report received and filed.

A resolution was offered by Redman to erect and maintain a guard-rail at the east approach of the East Main street bridge, on the north side. This was referred to the county relations committee to confer with the county commissioners.

Secretary Appleyard, of the Chamber of Commerce, was present and stated that a representative of the New York municipal survey would be in the city tonight and would speak at the Chamber commerce at 7:30 o'clock. The city officials were invited, and they accepted the invitation. They will meet tonight at the mayor's office and attend the meeting in a body.

Council then adjourned.

The Peril In Peace Talk

In fighting the devil with fire we must take care not to burn our hands, or, as our fighting men would say, "Be very careful when you use poison-gas, and look out for a shift of wind which may blow it back into your own trenches." This is virtually the answer given by a notable array of leaders in America and Britain and France to those who advocate a peace offensive to accompany our military offensive; or think we should imitate Germany in stirring up discontent among enemy peoples; or believe with Lord Lansdowne that some sort of negotiation with the enemy is possible; or hold with some of our pacifists that the war may be honorably ended without the complete and crushing defeat of German military power. The only way to deal with the "bandit" nation is "by overwhelmingly superior force," declares the Atlanta Journal, while the Portland Oregonian, emphasizing the lesson taught by Russia, says "that in a world which holds an undefeated Germany there can be no peace."

Read THE LITERARY DIGEST this week—March 30th number—and you will find in this article the enlightened public opinion of the United States upon premature peace talk. Other interesting articles in this number are:

Many Striking Illustrations, Humorous and Educational

How Young America Is Boycotting the German Language

Empty benches are confronting the teachers of German all over the United States, despite the insistence of school boards and school superintendents that the scholars ought to learn the beauties of Teutonic literature, war or no war. The pupils simply won't do it, it seems.

THE LITERARY DIGEST submitted an inquiry to more than 1,200 school superintendents, the aim being to learn how widespread is the feeling against teaching German in our schools. More than 1,100 replies have been received, and in THE LITERARY DIGEST for this week the results of this intensely interesting investigation are shown.

KILLS PAIN IN HALF THE TIME

A Big 25 Cent Box of Marvelous Mustarine is What Every Home Should Have

Lumbago, Backache, Toothache, Neuralgia and All Aches and Pains are Banished in Half the Time It Takes Other Remedies—One Application Does the Work.

Grandmother's old fashioned mustard plaster did the work alright, but it blistered the skin and was a mighty unpleasant remedy. Mustarine is the original mustard prescription that has made Grandmother's mustard plaster but a relic of by-gone days. It's ten times better, cleaner and will not blister. It is made of true, honest yellow mustard combined with other well known destroyers of pain and a

25c box does the work of fifty mustard plasters. Why suffer for days using plasters or continuously rubbing on liniment when one application of Mustarine will take out soreness in chest or any part of the body and will limber up stiff neck or rusty joints. It banishes backache, toothache, headache in ten minutes—many times in five.

If you want to get rid of sore throat, neuritis, neuralgia, tonsillitis, pleurisy, inflammation in the feet, or rheumatic agony and swollen joints—rub on Mustarine right away—it's the quickest pain killer in the world—and the cheapest. Get true Mustarine in the yellow box at any drug store. For sale by Evans Drug Store and W. A. Briman.

Effective, Low Priced Advertising—Advocate Classified Ads Cover the Field.

THE A. B. C. of Better Business

You won't spend your old age in ease, unless you learn the A. B. C.'s of business up-to-date. The Modern Merchant uses space to tell folks of his business place and goods in bag or crate.

With cuts and ads by Bonnet-Brown, he brings the thrifty shoppers down, to look his bargains o'er. And you can do the selfsame thing, make your once empty cash box ring—just advertise your store. A ring on Auto Phone 23122 puts you in touch with the Advertising Manager of

"CORN-LESS DAY" FOR FEET EVERY DAY

Use "Gets-It," the Great Corn Discoverer! Makes Corns Feel Right Off! Look at the illustration below. See the two fingers peeling off a corn as though it were a banana peel! And the man is smiling with satisfaction. All done painlessly, joyfully. The moment

"Gets-It" the Only Genuine, Thorough Corn-Heeler Ever Discovered. Demand "Gets-It."

"Gets-It" touches a corn or callus the growth is doomed. It takes but two seconds to apply "Gets-It." The corn-heel is used at once. You can sit at your desk or walk about, dance, think, love and work with absolute ease. You can apply "Gets-It" conveniently almost anywhere where you can take your shoe and stocking off for a moment or two. "Gets-It" dries at once; then put your shoe and stocking on again. There's no further excuse for suffering from corns and corn-pains. "Gets-It" is sold at all druggists (you need pay no more than 25 cents a bottle), or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

Sold in Newark and recommended as the world's best corn remedy by T. J. Evans, R. F. Collins, R. W. Smith, W. A. Erman, City Drug Store, C. T. Bricker.

Exposure Aches
Cold rain, winds, and dampness bring out the rheumatic aches. An application of Sloan's Liniment will soon have the blood circulating and the pain will disappear. For neuralgia, lame back, stiff neck, sprains, strains, and all muscle soreness, Sloan's Liniment can't be beat. No rubbing; it quickly penetrates and does its work without staining or clogging the pores. Better than plasters or ointments. For cold feet or hands try an application of Sloan's Liniment. Generous sized bottles, at all druggists.

Sloan's Liniment

Doctor Praises Eczema Remedy

The cure of skin diseases (eczema) and diseases of the scalp is known to be difficult even though the best efforts of intelligent and discriminating physicians. However, there is one remedy that is entirely dependable in this distressing and troublesome disease, that is D.D.D. Prescription, manufactured by the D.D.D. Company of Chicago, Ill. I take much pleasure in recommending it to the entire confidence of all patients with whom I have used it, as a medicine they can rely upon with perfect confidence.

M. L. RANDOLPH, M.D.,
Oakland, Texas.
Come in and we will tell you something about what D.D.D. Prescription has accomplished in your own neighborhood. Your money back unless the first bottle relieves you. 35c, 60c and \$1.00.
FRANK D. HALL, DRUGGIST.

EVERY MEAL A POISONOUS INJECTION

Few folks suffering from kidney and bladder troubles ever think that the kidneys, which they are taking care of, are the cause of their death. Every morsel of food taken gives up its quantity of uric acid. This poison is taken into the system through the stomach, and then the kidneys and bladder, in the healthy man nature provides an outlet for this poison. Those in ill-health must take a medicinal help to drive this death-dealing poison from the system. For over 200 years GOLD MEDAL HAZEL OIL CAPSULES have been doing this work. They effect prompt relief in all diseases arising from kidney and bladder troubles. Don't put off this vital matter of attending to your health until it is time to make your funeral arrangements. Get a box of GOLD MEDAL HAZEL OIL CAPSULES today. Look for the genuine. Your druggist sells them. They are guaranteed or money refunded. Insist on GOLD MEDAL Grand-Adv.

Cocoanut Oil Fine For Washing Hair

If you want to keep your hair in good condition, be careful what you wash it with. Most soaps and prepared shampoos contain too much alkali. This dries the scalp, makes the hair brittle, and is very harmful. Just plain multifid coconut oil (which is pure and entirely greaseless), is much better than the most expensive soap or anything else you can use for shampooing, as this can't possibly injure the hair. Simply moisten your hair with water and rub it in. One or two teaspoonfuls will make an abundance of rich, creamy lather, and cleanses the hair and scalp thoroughly. The lather rinses out easily, and removes every particle of dust, dirt, dandruff and excessive oil. The hair dries quickly and evenly, and it leaves it fine and silky, bright, fluffy and easy to manage. You can get multifid coconut oil at most any drug store. It is very cheap, and a few ounces is enough to last everyone in the family for months.

AMUSEMENTS

ALHAMBRA.

Tonight. Now that she has come safely through it with her beautiful flowing locks intact Jane Cowl doesn't mind speaking of one instance when she reached the very highest pitch of emotional acting that was neither studied nor according to the script, but in which she was impelled by genuine fear. It occurred in the filming of "The Spreading Dawn," presented at the Alhambra theatre tonight in which she makes her first appearance as a Goldwyn star.

One of the big spectacular scenes in the picture version of Basil King's famous story is the burning of a theatre during a performance before a packed house. The girl, impersonated by Miss Cowl, is seated in a box, and when the flames burst out, her lover rushes from another part of the theatre and rescues her. This rescue is effected through a passageway leading under the stage to the open and the pair had to pass through some real scorching flames.

Wednesday and Thursday. Carlyle Blackwell and Evelyn Greely are started in the new World-Picture Brady-Made, "His Royal High-

ness," then his path goes downward through the street of dissolution into the house of last resort where he becomes a waiter, only to be kicked out by a shift, the proprietor, into the street of remorse. On he goes to the house of last resort into the street of remorse. Days here he is saved from crime by the never-failing miracle of a mother's love and goes back at last to the land here the dreamer awakens where he meets love and hope and again finds Ambition.

In the large cast which William Elliott, P. Ray Comstock and Morris Gest will send to this city are Leonard Doyle, Duncan Penwarden, Leona Howard, Beatrice Benton, Mae Paul, George H. Miller, Fred Mosley, Marie Sinclair, Leola Sinclair, Jennifer Sh- chair, Alice Palmer, Irene Palmer, Julia Cobb, Gertrude Dustin, Harold Burnett, William Dupont, George Berry, Lillian Armstrong, Althea Wise, Ruth Farnum, Bernard Craven, Karl Olson and others.

Mail orders are now being received. Seats go on sale next Monday at 10 o'clock a. m.

Mae Paul As "Pleasure" In "Experience," Auditorium, April 10th, 11th.

ness," and this strikingly entertaining romance will be shown on Wednesday and Thursday at the Alhambra theatre. Mr. Blackwell appears in a romantic role which will immensely please all of his friends and admirers in this city. He is seen in the role of Jack Christie, a famous football star who, through a strange set of circumstances, becomes the king of a small European country. In this position he goes through a great number of exciting experiences and with true Yankee pluck and ingenuity he comes out on top. Miss Greely is seen in the role of Princess Diana of Terrest—a country adjacent to the one in which Christie becomes the king. "His Royal Highness" has been staged in an elaborate manner. The costumes are beautiful. The scenic effects are unequalled.

GRAND. Margery Wilson makes her debut as a star in "Mountain Dew," a tale of the Kentucky mountains during the moonshiners' reign, which will be shown at the Grand theatre on Wednesday. A wild little spirit of the hills, she meets a young cavalier gathering material for a book. He is charmed by her native loveliness and determines to educate her. He manages to get the position of "boss of the school" and invites the girl to attend. Her father, an old feudist, objects to "larkin" and threatens the teacher, but the teacher covers him with a gun and calmly proceeds with the reading lesson. A bright romance with many humorous situations follows this episode. Charles Gunn, the most popular of Triangle leading men, has the role of the teacher.

AUDITORIUM. "The Remaking of a Nation." The education picture "The Remaking of a Nation," which will be presented at the Auditorium theatre tonight, shows the complete system of training soldiers for the United States Army.

This huge undertaking of the Government at Washington never had been pictured in its entirety before. Short pictures of some phases of training have been made, but "The Remaking of a Nation" carries the whole scene of training through from beginning to end.

"Experience." George V. Hobart's modern morality comedy drama, is an unusual for an engagement of two days at the Auditorium theatre beginning Wednesday, April 10th. "Experience" has been one of the great successes of our generation, and it is the type of play that a vast public thoroughly enjoys. It contains a little of everything, and something that appeals to everybody. The hard-boiled theatregoer will find much to amuse and considerably to interest him. The casual theatregoer will also be pleased. He will find a blending of musical comedy, a bit of drama, a dash of "Hobart's Progress" and a touch of farce comedy. For the moralist, for the man or woman who go to the theatre only on exceptional occasions, "Experience" will prove a boon. They will find in it everything they believe should be in a play.

debut in this city at the Auditorium theatre on Wednesday and Thursday. After thousands of manuscripts had been rejected, however, "The Eternal Temptress," by Mme. Fred de Cresse, was decided upon. This is a story of a beautiful woman of modern Venice and is not only a thrilling, gripping description of affairs in Italy at the outbreak of the present war, but casts a strong light on the methods used by the wily Prussian diplomats in gaining their purposes.

Auditorium Notes. One of the features of the entertainment now showing at the Auditorium, where the Camp Sherman picture "The Re-Making of a Nation" is being shown, was the clever talk given by Captain Charles Montgomery of Newark. Mr. Montgomery will be heard again this evening and no doubt all his friends will turn out en masse to hear him and Lieut. Cull.

The Catholic school children of the city were the guests of the Auditorium management this morning at a private showing of "The Re-Making of a Nation."

ONLY POWERFUL
MEDICINE WILL END
RHEUMATISM
It matters not whether you have had agonizing pains from rheumatism for 20 years or distressing twinges for 20 weeks. Rheuma is strong enough and mighty and powerful enough to drive rheumatic poisons from your body and abolish all misery or money back.

For over five years throughout America Rheuma has been prescribed by broad-minded physicians and has released thousands from agony, pain and despair.—Advertisement.

NEWARK'S OLD FOLKS TAKE HEART

They renew their youth with fresh courage and quickened spirit. It sure is a pleasure to see the way they have come back and in such a short time too.

They are all loud in praise of Phosphated Iron the new wonder nerve and blood tonic. As one "old timer" said, "It could fairly feel it putting the 'Pop' and 'Kick' in my run-down, old body. I was worn out, all in and thought I was on my last legs, but come to find out all I needed was a tonic and bracer to put me on my feet and get me going again."

"Believe me, Phosphated Iron is the goods, and say, it made a new woman of my life too. We will never be without it in our house."

Honest physicians will tell you that Phosphates and Iron are the best tonics and health builders for the aged, nervous, weak and run down. It increases the quantity and quality of blood.

It makes thin, poor blood rich, red and new.

Rich, red blood pumped through the veins drives out poison and carries health, strength and vigor to every part of the body. If you are run down, all in, lost your nerve, take a brace, get next to yourself and try Phosphated Iron. It really does what it claims. It will not disappoint you, you can't go wrong on this tip. Ask the man or woman who has tried it. Good doctors and druggists prescribe it.

To insure physicians and their patients getting the genuine Phosphated Iron it is put up in capsules only. Do not allow dealers to give you pills or tablets. Insist on capsules.

Evans' Drug Store and leading drug stores everywhere.—Advertisement.

PAINLESS JOINTS

The Country is Full of Them Since Druggists Commenced to Sell "Neutrone Prescription 99"

There is no reason on earth why any one should suffer another day with painful, inflamed, swollen joints or muscles of any kind arising from rheumatism, when you can get a large bottle of "Neutrone Prescription 99" for 50c and \$1.00 the bottle.

Not a liniment, mind you, to clog up the pores, but a blood-purifying, soothing and healing internal remedy that takes out all soreness and pains and leaves the muscles feeling fine and comfortable.

You may be so sore and crippled that you can not get around, but take a few weeks' treatment of "Neutrone Prescription 99" and you will enjoy entire freedom from rheumatism.

Use "Neutrone Prescription 99" for chronic rheumatism, for gout, for the kidneys. Use it when you feel an attack coming, and you will be mightily well pleased with the result. Evan's Drug Store, Newark, Ohio, and leading druggists everywhere.—Advertisement.

L. T. L. Meeting.

The L. T. L. will meet at the Neal avenue church Wednesday afternoon at 3:30 o'clock.

Patriotic Meeting.

The Licking County Democratic club will hold an open meeting at its rooms, South Third street, next Friday evening at 8 o'clock (new time). The topics: "LaFollette," "Lincoln," "Wilson," "Liberty Bonds," "Thrift Stamps" and "War Chest" will be discussed by competent local talent. The committee is arranging the program and speakers.

Third Liberty Loan Issue.

Chairman W. C. Metz of the Liberty loan committee, said this afternoon, that he had been advised that Licking county's share of the third loan beginning April 6, will be \$877,050. Of the first Liberty loan issue, Licking county bought \$475,000 worth of the bonds, and in the second issue \$1,077,000 worth. The War Savings stamp quota for Licking county is \$1,236,180.

NEGROES INDULGE IN A CUTTING AFFRAY; ARE UNDER ARREST

A crowd of southern darkies just landed in the town from Pittsburgh, to work for a railroad company indulged in a cutting scrape along the railroad about 6 o'clock this morning.

The men had just gotten off the cars, when an argument ensued and a negro named Sam Gurley cut Dempsey Henderson with a knife. He cut him across the face and head and in the back, but none of the wounds were serious. Both Gurley and Henderson were arrested and another colored man named Henry Johnson was also arrested as a witness.

"Love is blind," quoted the Wise Guy. "Yes, but Experience is a specialist who can generally restore its sight," added the Simple Mug.

HONOR FLAG WILL REWARD BUYERS

Every Community in the United States Is Requested to Fly Banner in Third Drive

WOMEN MAKE SILK ONES AS GIFTS TO THE CITIES

Honor Rolls Will Be Displayed at State Capitals and Grand Roll at Washington

The Liberty Loan Honor Flag is to be one of the big features of the Third Liberty Loan drive. It is the creation of James H. Burton of New York City and has the hearty endorsement of Secretary of the Treasury McAdoo, who has expressed the hope that every town in the United States will be flying one of the flags before the campaign for the third drive is very far along.

The flag which will be awarded by the Treasury department to each community as its quota is attained is a flag 36x54 inches, a white field surrounded by a red border and with three blue stripes running perpendicularly through the middle.

In many of the cities patriotic women are going a step further than the Treasury Department and are working on the manufacture of a silk Honor Flag to be ready for flying when they have earned the right to display it. In Cleveland the girls of the Junior League are sewing on a huge flag, following the comparative dimensions of the official flag which the Treasury Department awards, and they mean to donate it to the central committee before Cleveland will have reached its quota.

Women's Clubs Make Them.

In some of the other cities and towns of the Fourth Federal Reserve district church societies and women's clubs are planning to make a flag larger than the official one. But great care is being taken by these volunteer flag makers not to get away from the proportionate measurements of the official flag.

The raising of the flag in each community should be a gala event and preparations are being generally made for patriotic addresses, entertainments, parades and other forms of festivities at the time when the banners shall be officially flown.

The raising of a sample Honor Flag over the Treasury building in Washington, recently was a picturesque sight. For the first time in the history of the Treasury Department every one of its employees stopped work for fifteen minutes to attend a public event.

Five thousand persons broke into wild cheering in the thronged streets in front of the building as Lewis B. Franklin, director of the War Loan organization, pulled the flag to the top of the pole from which it flies.

Mrs. McAdoo Made First.

The making of the first flag in Washington was superintended by Mrs. William G. McAdoo, wife of the Secretary of the Treasury.

When the campaign gets under way there will be an honor flag in each state, at the capital, and a national honor flag in Washington. With the state flag there will be displayed a state honor roll on which will be inscribed the name of every community in the state as fast as the communities subscribe their quota and win the right to fly their flag.

In Washington the names of the states will go on the National Honor Roll as fast as the states attain their quotas.

The idea of the Honor Flag and Honor Roll system is to inspire that friendly rivalry between communities and units of population which will result in a maximum number of subscriptions to the loan and add the keen edge of competition to the selling bee.

Window Cards Are Important.

Window cards bearing a replica of the honor flag and a blank for the name of the purchaser will be given to each subscriber for display in the window of his home. The window cards measure 7x9 inches. They serve not only as a testimonial to the loyalty of the householder who has one in his window but they are of great value from an advertising standpoint. If John Jones has one in his window to get the gaze of Bill Smith, who hasn't bought a bond, every time Bill Smith goes by Jones' home it will not be long before it penetrates to Smith's slower comprehension that he has a duty to perform. And eventually Bill Smith's window is going to have to have a flag, too.

NEW DIVISION ENGINEER B. & O.

Daniel Hubbard has been made new division engineer for the Baltimore & Ohio Railroad company on the local division. Mr. Hubbard comes to Newark from Florida, where he was division engineer on the Illinois division of the Baltimore & Ohio.

He succeeds C. R. D. Diemar, who has been in charge here and who goes to the engineering office at Cincinnati.

DOMESTIC SPRINGING.

A man has to be something of a diplomat to avoid getting into arguments with his wife remarked the philosopher. Either that or fight on his feet said the man who specializes in basty exits.—Birmingham Age-Herald

ASK MAYOR TO COLLECT BILLS

Messrs. Keyes, Knauber and Faust presented a little address to Mayor Atherton in reference to collection for vacation fees, saying that the health officer had refused to send out bills for vaccinations to those financially able to pay for the service. The committee complimented the Mayor for its fair and accurate presentation of the controversy between the health department and the council and called attention to inaccurate statements published elsewhere. The letter says: "There has been certified to the city auditor for vaccinations from Dec. 15 to Feb. 15, \$76.50 and we believe 80 per cent of this could be collected from those vaccinated." The committee asks the mayor to send out the bills.

IF YOU ARE A DRINKING MAN

You had better stop at once or you'll lose your job. Every line of business is closing its doors to "drinking" men. It may be your turn next. Try the aid of ORRINE thousands of men have been restored to lines of sobriety and industry. We are sure that ORRINE will benefit you that we say to you that if after a trial you fail to get any benefit from its use, your money will be refunded. When you stop "drinking," think of the money you'll save; besides, sober men are worth more to their employers and get higher wages.

Costs only \$1.00 a box. We have an interesting booklet about ORRINE that we are giving away free on request. Call on our store and talk it over.

Frank D. Hall, North Side Square.

New Rugs From The Alexander Smith & Sons' Rug Sale Held at New York City Last Fall

GO ON SALE BEGINNING TOMORROW MORNING--AT PRICES LESS THAN MILL PRICES OF TODAY

LAY AWAY PLAN

Even during this big rug sale we allow you to select any rug at the sale price; make deposit; have it laid away, and have it delivered when wanted. In this way you protect yourself against the advancing prices.

Away back last fall when Rug prices were not near anything like what they are today, we bought vast quantities of all kinds of Rugs from Alexander Smith & Sons' big rug sale at New York City.

Because of Rug purchases at that time and because of the big advance in Rug prices throughout the world since that time, we can sell you whatever kind of a Rug you need now or are going to need this fall or in fact years to come at prices which are less than mill prices of today.

RUGS, CARPETS, LINOLEUMS, DRAPERIES, CURTAINS, CURTAIN MATERIALS, WINDOW SHADOWS, CURTAIN FIXTURES, ETC.
